Power Zoom Adapter PZ-E2

Canon PZ-E2 camera lens adapter:

Power up your RF lenses with this optional power zoom adapter. The Power Zoom Adapter PZ-E2 turns a compatible Canon RF zoom into a filmmaking lens which enables a smooth and precise zoom control. With the added flexibility of remote operation when used on compatible cameras, via the Canon Camera Connect app, EOS Utility software or via the Browser Remote function, it's an excellent way to bring hybrid filmmaking and photography together. Additionally, when used with a camera that supports Canon's XC Protocol (e.g. EOS C70), then the camera and zoom can be controlled over an IP network as part of a multi-cam system.
