**Product name :** Sensory Flashlight

Sensory Flashlight 6+

**Tuban Sensory Flashlight:**

Create a flashlight that glows in the dark – without using electricity or batteries! Sensory Flashlight is a unique creative kit that combines experimenting with a fascinating glow effect. During play, you will grow crystals and then combine them with a special glow-in-the-dark powder to fill the flashlight. Step by step, you create your own source of light, watching how something truly extraordinary is made from simple ingredients. Once the lights go out, you will see the effect of your work! To make the flashlight glow even more brightly, you can expose it to a lamp or another light source beforehand. Thanks to the included strap, you can take it with you anywhere.
