

## Axagon BUCM3-CM30AB USB kabelis USB 3.2 Gen 1 (3.1 Gen 1) 3 m USB C 5 Gbit/s 60 W Melns

**Zīmols :** Axagon

**Preces kods:** BUCM3-CM30AB

**Modeļa nosaukums :** BUCM3-CM30AB

Axagon BUCM3-CM30AB. Kabeļa garums: 3 m. Savienotājs 1: USB C, Savienotājs 2: USB C, USB versija: USB 3.2 Gen 1 (3.1 Gen 1), Maksimālais datu pārsūtīšanas ātrums: 5 Gbit/s, Konektora kontaktu apvalks: Zelts, Produkta krāsa: Melns

| Īpašības                             |                                 |
|--------------------------------------|---------------------------------|
| USB versija *                        | USB 3.2 Gen 1 (3.1 Gen 1)       |
| Savienotājs 1 *                      | USB C                           |
| Savienotājs 2 *                      | USB C                           |
| Konektora 1 tips *                   | Vīrišķais                       |
| Konektora 2 tips *                   | Vīrišķais                       |
| Konektora 1 formas standarts         | Taisni                          |
| Konektora 2 formas standarts         | Taisni                          |
| AWG vada izmērs                      | 22/30                           |
| Savienotāja materiāls                | Niķelis                         |
| Konektora kontaktu apvalks           | Zelts                           |
| Vadu apvalka materiāls               | Termoplastiska elastomēra (TPE) |
| Kabeļa apvalka tips                  | Savīts                          |
| Vadītāja materiāls                   | Bezskābekļa varš                |
| Konektora vairogs                    | ✓                               |
| Konektora vairoga materiāls          | Alumīnijs                       |
| Konektora korpusa materiāls          | Metāls                          |
| Maksimālais datu pārraides ātrums    | 5000 Mbit/s                     |
| Maksimālais datu pārsūtīšanas ātrums | 5 Gbit/s                        |
| Kabeļa tips                          | Apaļš kabelis                   |
| Ātrā uzlāde                          | ✓                               |
| USB barošanas padeve                 | ✓                               |
| USB barošanas versija                | 3.0                             |
| USB barošana līdz                    | 60 W                            |

| Īpašības                   |                                                                                                  |
|----------------------------|--------------------------------------------------------------------------------------------------|
| Produkta krāsa *           | Melns                                                                                            |
| Savienojamie produkti      | mobile phones and smartphones, tablets, powerbanks and other mobile devices with USB-C connector |
| Enerģijas pārvaldība       |                                                                                                  |
| Ieejas spriegums           | 20 V                                                                                             |
| Ieejas strāva (maks.)      | 3 A                                                                                              |
| Svars&dimensijas           |                                                                                                  |
| Kabeļa garums *            | 3 m                                                                                              |
| Kabeļa diametrs            | 4,5 mm                                                                                           |
| Svars                      | 70 g                                                                                             |
| Informācija par iepakojumu |                                                                                                  |
| Iepakojuma tips            | Soma                                                                                             |
| Iepakojuma platums         | 205 mm                                                                                           |
| Iepakojuma dziļums         | 130 mm                                                                                           |
| Iepakojuma augstums        | 20 mm                                                                                            |
| Iepakojuma svars           | 98 g                                                                                             |
| Iepakojuma saturs          |                                                                                                  |
| Skaits iepakojumā *        | 1 pcs                                                                                            |
| Sertifikāti                |                                                                                                  |
| Atbilstības sertifikāti    | RoHS, CE                                                                                         |
