Coffee Grinder 3023

[Ariete Coffee Grinder 3023:](#)

The Coffee Grinder 3023 allows you to prepare the perfect grind for your favorite coffee. Insert up to 200 g of coffee beans into the tank and choose the grinding level you prefer: the coffee grinding level changes the extraction speed and makes the coffee beans more resistant or less resistant to the passage of water. Adjusting the grind allows you to preserve the natural flavor and taste of the coffee. You can select the amount of coffee to grind by adjusting from 2 to 12 cups and thanks to the removable stainless steel conical grinders you will get a perfect grind.
