Thomas & Friends Bell Station Train Set by Fisher-Price with Push-Along Thomas Engine & Track

Fisher-Price Thomas & Friends Bell Station Train Set by with Push-Along Thomas Engine & Track:

All aboard for a trip to Bell Station with this Thomas & Friends train set from Fisher-Price. Little conductors push along the included Thomas engine, developing fine motor skills as they travel along the track that's fitted with classic train play features like a tunnel, movable gate, diverter and an elevated track section. When Thomas gets to the station, press down to ring the bell and activate the passengers! Activation points are denoted in bright red so kids know exactly where the action happens. With easy-connect track, preschoolers can attach additional sets and track to build out their own Island of Sodor. (Tracks and sets sold separately and subject to availability.) Colours and decorations may vary.
