XV1433/00

- 2x EPA11 filtersReplacement Kit HomeRun 3000 robots
- 1 x main brush
- 1 x side brush
- Compatible: 2000 & 3000 series

Replacement Kit HomeRun 2000 & 3000 series robots

Original replacement kit

- EPA11 filter for excellent filtration
- Main brush for all floor types
- Cleans closely along walls and deep into corners

Highlights

EPA11 filter

The kit contains 2 x EPA11 filters. The filter captures more than 95% of fine dust before the air is expelled back into the room. This results in clean, dust-free air in your home. The filter should be replaced every 3-6 months.

Main brush

The main brush underneath the robot loosens and lifts dirt and dust for a thorough cleaning. Replace the main brush every 6-12 months.

Side brush

For a more thorough cleaning, the robot uses its side brush to sweep along edges, to bring dirt to the suction inlet. Replace the side brush every 6-12 months. The side brush is easy to snap onto your robot for quick and easy maintenance.
