Enjoy a superior coffee experience

Long, Intense or Espresso

- 1.2 L water tank
- Eco-features
- With Intense Plus technology, exclusive for the espresso
- Descaling light indicator
- Variety of coffee recipes
- Memo function

Highlights

1.2 L water tank

The 1.2 L water tank will allow you to brew at least 8 cups without having to refill it so you can enjoy your favourite coffees without interruptions.

Green Product

With this coffee machine, we reinforce our commitment to take care of the environment cup after cup: Made with 80% recycled plastics* 42% less energy consumption** Auto shut-off

Intense Plus Technology

Our innovative brewing technology, exclusive for the espresso recipe, allows an optimum extraction of the coffee to create a delicious espresso with rich and darker crema. An advanced multiphase process that creates a different sound during the brewing.

Descaling light indicator

The light indicator reminds you when to descale. Descal every 3 months to keep your appliance limescale free, ensuring: maximum in-cup volume; perfect coffee temperature and the appliance's durability.

Variety of coffee recipes

Choose easily between different delicious coffee recipes like Long smooth, Intense or an Espresso with the simple flick of a switch.

Memo function

Adjust and save your recipe to your taste, so your perfect cup is always on call.
