Geomag MagiCube Shapes Recycled Animals:

What started out as the Original Magicube system has now become a world of magnetic building blocks with the addition of three new shapes: the half cube, quarter circle and the half sphere.

The construction possibilities are boundless and your imagination will fly higher and higher! Characters, animals, structures: you will be surprised how many things you can invent.

But there is more: our desire to create a new magnetic world has gone as far as building vehicles with real wheels that magnetically attach to the blocks. A simple, magical system, just like all our magnetic constructions at Geomag.
