- 1.8 L detachable water tank for easy refilling
- Automatic shut-off when iron is left unattended
- Safe-carry lock for safe and easy transport
- Ultra-light iron for easy vertical steaming
- OptimalTEMP technology, guaranteed no burns
- Easy De-Calc Plus to extend the lifetime of your iron

Highlights

Speed mode

Iron faster with speed mode. Your iron automatically adapts the ideal amount of steam to your ironing speed.

Intelligent automatic steam

Ensure your ironing is completed fast and with minimal effort, with the new motion sensor technology that recognises when you move the iron to release steam automatically

Automatic vertical steam

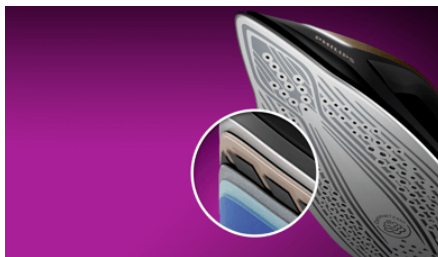

Thanks to the new motion sensor technology that recognises your movements in any direction, we can offer an effortless experience to automatically steam hanging clothes, curtains and bed linen.

Ultra-powerful steam

Strong, continuous steam for effective crease removal of even the most stubborn creases on the thickest fabrics.

SteamGlide Elite soleplate

SteamGlide Elite is our best soleplate for ultimate gliding performance and maximum scratch resistance. Its stainless steel base is twice as hard as a regular aluminium base, and our patented 6-layer coating with advanced titanium layer glides effortlessly for the fastest results.

1.8 L detachable water tank

The 1.8-litre transparent water tank gives you up to 2 hours of continuous use. When the water tank is empty, you will be reminded by the indicator light to refill at any time, which you can easily do under the tap through the large filling door.

Auto-shut off

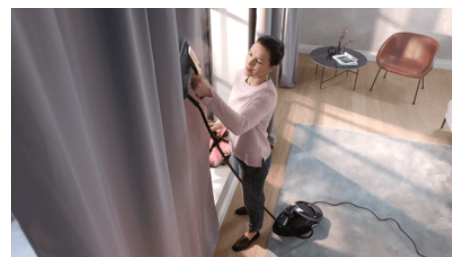

Auto-shut off to save energy and for peace of mind.

Safety carry lock

Lock your iron securely to the base station for easy carrying around the house and to reduce the risk of accidentally touching the hot soleplate.

Ultra-light iron

The iron is amazingly light and comfortable to handle, gliding easily and reducing wrist strain. Its minimal weight of only 800 g also makes it easy for vertical steaming of curtains and hanging clothes.

Specifications

Country of Origin

Produced In: Indonesia

Technology

OptimalTEMP technology: Yes
Steam sound dampening: No
Intelligent Automatic Steam technology: 2nd generation

Fast crease removal

Pressure: Max 8.5 bar
Power: Max 2700 W
Steam boost: Up to 700 g
Continuous steam: 170 g/min
Voltage: 220–240 V

General specifications

Hose length: 1.8 m
Hose storage: Compartment
Power cord length: 1.8 m
Power cord storage: Compartment
Warranty: 2 year worldwide guarantee
Energy saving: 22%

Easy to use

Heat-up time: 2 minute(s)
Water tank capacity: 1800 ml
Safe on all ironable fabrics: Yes
Detachable water tank: Yes
Low water alert: Yes
Refill at any time during use: Yes
Tap water suitable: Yes
Soleplate: SteamGlide Elite

Weight and Dimensions

Product Weight: 4.9 kg

Technical Specifications

Frequency: 50–60 Hz

Scale management

Descaling and cleaning: Easy De-calc Plus
Calc clean reminder: Light and Sound

Size and weight

Weight of iron: 0.85 kg
Packaging dimensions (W x H x L): 56.7 x 35 x 32.7 cm
Product dimensions (W x H x L): 47.5 x 28.8 x 22.9 cm
Total weight with packaging: 7.4 kg
Weight of iron + base: 4.9 kg

General Specification

Soleplate material: SteamGlide Elite
