Easy smart lighting

Bring the ambience of Hue outside! Perfect for your patio, terrace, garden or front door, this outdoor wall light brings decorative omnidirectional light in tunable colour or warm-to-cool white tones. Personalise every moment from dusk to dawn – set the mood for 'al fresco' dining or relaxing under the stars. Get extra peace of mind as night falls, set the light to true bright white light to see who's there or find your way. Chromasync ensures precise colour matching across multiple Hue lights for a seamless ambience. The light's dual-layer diffuser delivers soft, uniform light by smoothing harsh LED dots and reducing glare, while adding UV resistance to prevent yellowing over time. Install this weather-resistant, IP-44-rated light on walls or ceilings around the outside of your home to get light exactly where you need it. Enjoy effortless control – even while you're away from home with customisation options and automations with the Hue app and voice assistants.

Limitless possibilities

- Control it your way

Specially designed for your outdoor spaces

- Weather-proof (IP44)

Easy smart lighting

- Create a personalised experience with colourful smart light

Unlock outdoor smart lighting with the Bridge

- Unlock outdoor smart lighting with the Bridge

Highlights

Control it your way

Connect your Philips Hue lights with the bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to your system to activate your lights. Set timers, notifications, alarms and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple Homekit and Google Home to allow you to control your lights with your voice.

Unlock outdoor smart lighting with the Bridge

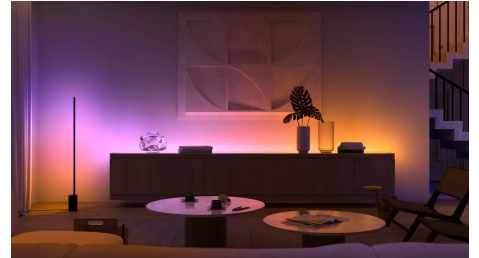

To use Philips Hue outdoors, you'll need a Bridge, which unlocks the full suite of smart lighting features. Control your lights from anywhere, control lights with your voice, automate your lights, get automatic updates — and expand your smart lighting collection outdoors!

Weather-proof (IP44)

This Philips Hue outdoor fixture is specially designed for use in outdoor environments and has undergone rigorous tests to ensure its performance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This lamp is designed with IP44: it is protected against water splashed from any direction. This product is ideal for general outdoor use.

Create a personalised experience with colourful smart light

Transform your home with over 16 million colours, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theatre, enhance your home decor with colour accents, and much more.
