Thrustmaster Raceline Pedals III Black RJ-12 Analogue / Digital PC, PlayStation 4, PlayStation 5, Xbox One, Xbox Series S, Xbox Series X, Xbox One X, Xbox One S:

Raceline Pedals III is a modular and scalable 3-pedal. Its frictionless H.E.A.R.T. sensors ensure a high level of precision that won't decrease over time. Easily adjust the pressure of each pedal thanks to the 3 adjustment notches, and the different springs are included. The position of each pedal is adjustable, and the non-slip pads ensure that the pedal set always stays in place, keeping you firmly in control. Thanks to Raceline Pedals Upgrade Kit, you can upgrade your pedal set with a Load Cell brake (sold separately).

Raceline Pedals III is compatible with all Thrustmaster Force Feedback racing wheels (excluding T500) on PS5, PS4, Xbox and PC (Windows 10/11).
