Power Zoom Adapter PZ-E2B

Canon PZ-E2B camera lens adapter:

Power up your lens with this optional power zoom adapter that enables smooth and precise control of a compatible Canon RF zoom. Use Canon’s Camera Connect App, EOS Utility software or Browser Remote function and you can control the camera and zoom functions from a mobile device or PC. Additionally, when used with a camera that supports Canon’s XC Protocol (e.g. EOS C70), the camera and zoom can be controlled over an IP network as part of a multi-cam system. The Power Zoom Adapter PZ-E2B further adds a 20-pin remote interface for use with compatible Zoom and Focus demands for a more broadcast feel and level of control, while connecting the Canon Zoom Servo Grip ZSG-C10 makes fast, agile shooting more comfortable.
