The machine for making pasta at home is a classic of the Italian tradition that Ariete has decided to respect and celebrate, revisiting the values of the previous Pastamatic model, as reliability and robustness, with significant changes: the new Pastamatic 1593, in fact, renewed in the form and in the colors, eliminates the effort of manual drawing by adding a side motor to the classic handle, able to guarantee a homogeneous pasta perfect for one hour of work. The knob allows you to choose up to 9 levels of thickness of the dough, while the two supplied accessories allow you to get four different sizes of pasta, tagliatelle, tagliolini, pappardelle, fettuccine, while the standard roller creates a perfect lasagna.
