Specifically designed for all hard floors (tiles, marble, wood, stone), this innovative solution combines the efficiency of steam with the power of two rotating cloths: twice as efficient as a normal steam mop in the stubborn stains. Why Dual? Because it is the steam mop that combines two important elements: steam and rotation. Why Steam? Because it uses just the power of steam without adding chemicals. Why Scrub? Because, thanks to the two rotating cloths, it scrubs on the floor to remove 99,9% of bacteria and stubborn stains. With a 1200W power, the two rotating cloths and a 60W motor, Dual Steam Scrub vaporises and scrubs at the same time, thus dissolving and removing the stubborn dirt, dust, grease. All this just with the power of steam, without adding chemicals, thus ensuring a deep and natural hygiene.
