schleich Knights Cannon:

The new net cannon is a sophisticated weapon that fires a net at enemies with great precision. If someone is trapped in the net, it's almost impossible for them to escape, because it's made of a rope that even the sharpest swords struggle to cut through. The net has also been coated with a sticky, glutinous liquid that it's simply impossible to get free of. This makes it easy to defeat and capture a mage, a king or a whole group of courageous men.
